ITEM 2. DISPOSITION OF ASSETS

On August 10, 1999, Trimble Navigation Limited ("Trimble" or "the Company") signed an Asset Purchase Agreement with Solectron Corporation and Solectron Federal Systems, Inc. (collectively, "Solectron"). The closing of the transaction occurred on August 13, 1999. At the closing of the Asset Purchase Agreement, the Company transferred to Solectron substantially all of the Company's tangible manufacturing assets located at the Company's Sunnyvale, California campus, including but not limited to equipment, fixtures and work in progress, and certain contract and other intangible assets and rights, together with certain related obligations, including but not limited to real property subleases covering the Company's manufacturing floor space, and outstanding purchase order commitments. In addition, the Asset Purchase Agreement also provides for Solectron's subsequent purchase, on August 30, 1999, of Trimble's entire component inventory which was on hand as of August 13, 1999.

Trimble received cash at the closing of the Asset Purchase Agreement, representing an interim estimate of the value of the assets purchased by Solectron, excluding inventory, and expects to receive an additional cash payment on August 30, 1999, representing an interim estimate of the component inventory to be sold to Solectron.

The final purchase price for all of the Company's assets to be sold to Solectron, including the component inventory, will be determined, and the cash payment between the parties will be adjusted, based upon a subsequent determination of all such purchased assets actually on hand at Trimble as of the date of closing of the Asset Purchase Agreement. The Company estimates that the final purchase price as so determined will be approximately \$28 million. Such final determination, and the final purchase price, is expected to be finalized by the end of the Company's third fiscal quarter. Upon such final determination, the Company will calculate its gain on the transaction, if any, and will recognize any such gain over the exclusive life of the Supply Agreement described below. The purchase price was arrived at through arm's length negotiations by the parties and was determined to be fair and reasonable by the Board of Directors of Trimble.

Concurrently with the closing of the Asset Purchase Agreement, the Company and Solectron also entered into a Supply Agreement. The Supply Agreement provides for the exclusive manufacture by Solectron of almost all Trimble

products for a period of three years.

Solectron will initially manufacture such Trimble products under the Supply Agreement in the same Trimble buildings in which such products were previously manufactured by Trimble, and Trimble has sublet such space to Solectron as part of this transaction. Solectron has offered employment to approximately 230 Trimble manufacturing, engineering and related support personnel, and Trimble understands that substantially all such employees have accepted employment with Solectron

Prior to the execution of the above agreements, there were no material relationships between Solectron and Trimble, or any affiliates, directors, or officers, or any associate of any such director, or officer. The descriptions in this Report on Form 8-K of the terms and conditions of the agreements and the transactions contemplated by the agreements are qualified in their entirety by reference to the full text of the agreements and exhibits related thereto (filed as Exhibit 10.68 and 10.69 to this current Report on Form 8-K).

Prior to such sale, Seller shall consign the Inventory to Buyer on the terms and subject to the conditions of Exhibit G ("Inventory") hereto.

(c) With respect to the unscheduled, expensed assets otherwise designated by Seller in writing to Buyer, Seller shall permit Buyer no more than seven (7) days prior to the Closing Date to identify with a label any unscheduled assets to indicate that they shall be transferred to Buyer as part of the transactions contemplated hereunder.

(i) Purchased Assets, Transferred Agreements and Transferred Permits, arising from and after the Closing Date, and

(ii) liabilities and obligations with respect to New Regular Personnel.

(b) Except as set forth in Section 2.3(a) hereof and notwithstanding anything else in this Agreement to the contrary, Buyer shall not assume or have any responsibility for any liability, obligation or commitment of any nature of Seller, or associated with the Operations prior to the Closing, whether now or hereafter existing, known or unknown, accrued or unaccrued or due to come due, including, without limitation, the Pre-Existing Environmental Liabilities, those liabilities, if any, listed on the Disclosure Letter and those other liabilities and obligations specifically identified as "Retained Liabilities" in this Agreement (collectively, the "Retained Liabilities"). Seller acknowledges and agrees that it shall be fully responsible for all such Retained Liabilities in accordance with the terms of Article 10 hereof.

(c) Nothing herein shall be deemed to deprive Buyer of any defenses, set-offs or counterclaims which Seller may have had or which Buyer shall have with respect to any of

the Assumed Liabilities (collectively, the "Defenses and Claims"). Effective at the Closing, Seller agrees to assign, transfer and convey to Buyer all Defenses and Claims and agrees to cooperate with Buyer (at Buyer's expense) to maintain, secure, perfect and enforce such Defenses and Claims including the execution of any documents, the giving of testimony or the taking of any such other action as is reasonably requested by Buyer in connection with such Defenses and Claims.

2.5 Adjustment of Purchase Price.

(a) Within forty-five (45) days after the Closing, Seller will prepare and deliver to Buyer a Final Financial Statement of Assets and Liabilities ("Final FSAL") reflecting the purchase price of the Purchased Assets and any Assumed Liabilities as of the Closing Date. The Final FSAL shall be true, accurate and prepared (to the extent applicable) in a manner consistent with the Interim Financial Statement of Assets and Liabilities attached hereto as Exhibit C ("Interim FSAL") and (to the extent applicable) in accordance with the Seller's accounting policies and practices which are in compliance with GAAP, and will fairly present, as of the Closing Date, [*] (the sum of all of the foregoing collectively referred to as the "Determined Value"). In the event of any dispute regarding the final FSAL (other than net book value amounts), such dispute shall be resolved in accordance with the provisions of Section 12.14 ("Dispute Resolution") hereof. Buyer may not dispute any net book value amounts contained in the Final FSAL and no dispute may be asserted by either Party unless the aggregate of all disputed amounts related to the Final FSAL are in excess of Twenty Five Thousand Dollars (\$25,000.00). Any notice of dispute by either Party must be in writing and must contain a reasonably detailed description of the nature of the dispute.

(b) In the event the Purchase Price exceeds the Closing Date Payment (as hereinafter defined) Buyer shall, within thirty (30) days following delivery to Buyer of the Final FSAL (the "Dispute Period"), (i) identify any portions of the Final FSAL which may be subject to dispute, and (ii) deliver to Seller cash in an amount equal to the difference between the Purchase Price and the Closing Date Payment, reduced only by the amount identified as provided in subsection (i) above, by wire transfer of immediately available funds to the bank account designated by Seller. 2.6 Transfer Taxes.

Transfer Taxes shall be paid by Buyer. Seller shall cooperate with Buyer to the extent reasonably requested and legally permitted to minimize any Transfer Taxes.

2.7 Nonassignable Assets.

To the extent that any Purchased Asset is not capable of being assigned to Buyer without the consent, approval or waiver of a third Person, or if such assignment or attempted assignment would constitute a breach thereof or default thereunder (each a "Nonassignable Asset"), or to the extent that the assignment of any such contract is not practicable because it also relates to an area of Seller's business other than the Operations (each a "Nonexclusive Asset"), nothing in this Agreement will constitute an assignment or require the assignment thereof except to the extent provided in this Section 2.7.

Notwithstanding anything contained in this Agreement to the contrary, Seller will not be obligated to assign to Buyer any of its rights and obligations in and to any of the Nonassignable Assets without first having obtained all consents, approvals and waivers necessary for such assignment; provided, however, that Seller shall use its reasonable efforts (which will not under any circumstances include the payment of money or litigation of claims) to obtain all such consents, approvals and waivers prior to the Closing and, if the Closing occurs, will use reasonable efforts after the Closing Date to obtain all such consents, approvals and waivers. Buyer will cooperate with Seller in Seller's efforts to obtain all required consents, approvals and waivers. If any such consent shall not be obtained, Seller and Buyer shall cooperate to enter into a reasonable and mutually agreeable resolution (including, but not limited to equitably adjusting the Purchase Price). As to the Nonexclusive Assets, Seller shall use reasonable efforts (which will not under any circumstances include the payment of money or litigation of claims) to effect an assignment of rights with respect to the parts of such Nonexclusive Asset that relate exclusively to the Operations (if practicable) or, alternatively, to enter into new agreements with respect to the parts of each Nonexclusive Asset that relate exclusively to the Operations.

2.8 Allocation.

Each of the parties agrees to report this transaction for foreign and domestic state and federal tax purposes in accordance with the allocations set forth in Exhibit D ("Purchase Price Allocation"). Buyer and Seller agree to use such allocation in filing any applicable report, form or filing made with applicable taxing authorities. If any taxing authority makes or proposes an allocation different from that set forth in Exhibit D ("Purchase Price Allocation"), Buyer and Seller shall cooperate with each other in good faith to contest such taxing authority's allocation (or proposed allocation); provided however, that, after consultation with all parties adversely affected by such allocation (or proposed allocation), any other party hereto may file such protective claims or returns as may be reasonably required to protect its interests. Each party requesting cooperation shall reimburse the

cooperating party for its reasonable out-of-pocket expenses (including reasonable legal fees and expenses) incurred in rendering such cooperation.

2.9 License of Ancillary Technology.

Subject to and upon the terms and conditions of this Agreement, at the Closing, Seller agrees to grant Buyer the right to use Ancillary Technology in connection with the conduct of the Operations as provided in the Supply Agreement.

Seller has the requisite corporate power and authority to own or lease and to operate and use the Purchased Assets and to carry on the Operations as now conducted.

4.2 Authorization.

(a) Seller has all necessary power and authority to execute, deliver and perform this Agreement and all of the Additional Agreements and to consummate the transactions contemplated hereby and thereby. There are (and as of immediately following the Closing there will be) no Encumbrances on the Purchased Assets relating to or attributable to Taxes other than Permitted Encumbrances. Seller has no knowledge of any basis for the assertion of any such claims which, if adversely determined, would materially and adversely effect Buyer or Buyer's use of the Purchased Assets or result in an Encumbrance on the Purchased Assets, other than Permitted Encumbrances. None of the Purchased Assets are treated as "tax-exempt use property" within the meaning of Section 168(h) of the Code.

4.4 Condition of Assets.

The Tangible Assets are in good and serviceable condition, subject to reasonable wear and tear. Except as expressly set forth in this Agreement, the Purchased Assets are provided as is and without any express, implied or statutory warranties of any kind, including, but not limited to the implied warranties of merchantability, fitness for a particular purpose and non-infringement of third party rights.

Seller has not received notice of any default under any of such Transferred Agreements. To Seller's knowledge, there are no existing defaults or events of default, real or claimed, or events which with notice or lapse of time or both would constitute a material default under any Transferred Agreement. To Seller's knowledge, there exists no actual or threatened termination, cancellation, or limitation of, or any amendment, modification, or change to any Transferred Agreement.

Seller is neither renegotiating any of the Transferred Agreements nor is it paying liquidated damages in lieu of performance thereunder. Any such Transferred Agreements may be transferred to Buyer pursuant to this Agreement and will continue in full force and effect thereafter, in each case without breaching the terms thereof or resulting in the forfeiture or impairment of any rights thereunder and without the consent, approval or act of, or the making of any filing with, any Person. Complete and correct copies of each of the written Transferred Agreements have heretofore been delivered or otherwise made available to Buyer by Seller.

During the period prior to the Closing, Buyer shall use commercially reasonable efforts to cooperate and assist Seller in obtaining the consents, approvals and waivers contemplated by this Section 6.3.

6.4 Notice of Certain Matters.

Without limiting either party's right to rely on the representations and warranties as set forth herein, each of Buyer and Seller shall provide the other party with prompt written notice with respect to any material facts which arise between the date of this Agreement and the Closing Date which, if they had occurred and been known prior to the date of this Agreement, would have been required to have been disclosed in order to make the representations and warranties contained in Articles 4 and 5 true and correct as of the date of this Agreement. In addition, Seller shall provide Buyer with prompt written notice if, between the date hereof and the Closing Date, there is a change in the Purchased Assets or the Operations which has or may be reasonably expected to materially and adversely affect the Operations. the transactions contemplated by this Section. Seller and Buyer shall file any additional information requested by the FTC, the DOJ or any other Governmental Body in connection with this Agreement or the transactions contemplated hereby as soon as practicable after receipt of any legally valid request for such information. Neither Seller nor Buyer shall unreasonably take or fail to take any action which reasonably could be expected to have the effect of delaying, impairing or impeding the receipt of approval under the HSR Act as contemplated by this Section 6.6, provided, however, that this sentence shall not be construed to require either party to transfer or assign rights or other assets to a third Person.

(d) Buyer and Seller shall offer the New Regular Employees benefits under a employee retention program ("Employee Transition Benefits") identified and described in Exhibit F which is referenced hereto and made part of this Agreement.

(e) New Regular Personnel shall be employed subject to Buyer's customary compensation and benefit policies, including, but not limited to, bonus policies, overtime, shift premium, paid time off, other similar policies and vacation policies. Subject to Section 7.1(a) above, Buyer reserves the right, in its sole discretion, to change elements of the employment compensation and benefits provided its employees, including and New Regular Personnel hired pursuant to this Section 7.1.

(f) Notwithstanding anything to the contrary herein, Regular Personnel listed on Schedule 7.1 who, on the Closing Date, are employed in the United States pursuant to a work or training visa shall be offered employment as New Regular Personnel of Buyer at such times, and under such terms and conditions, as Seller and Buyer shall agree. Seller will transfer all such forms to Buyer together with the personnel records transferred pursuant to this paragraph (i).

7.2 Taxes.

Notwithstanding anything to the contrary in Article 10 ("Indemnification") below, and subject to the provisions of Section 2.6 ("Transfer Taxes"), Seller shall be responsible for and pay all Taxes of Seller, the Operations or the Purchased Assets arising at any time with respect to periods ending on or prior to the Closing Date, including the portion of real, personal or other property Taxes attributable to such periods and all such Taxes shall constitute Retained Liabilities.

To the extent relevant to the Purchased Assets and the Operations, Seller shall:

Seller agrees to indemnify and hold harmless Buyer from and against any and all Losses incurred by Buyer in connection with or arising from:

- (a) any breach by Seller of any of its covenants in this Agreement;
- (b) any breach of any warranty or the inaccuracy of any representation of Seller contained or referred to in this Agreement or any certificate delivered by or on behalf of Seller pursuant hereto; and
- (c) the Retained Liabilities.

The indemnification provided for in Section 10.1(a) and 10.1(c) shall not terminate. The indemnification provided for in Section 10.1(b) shall terminate one (1) year after the Closing Date and no claims shall be made by Buyer under this Section 10.1(b) thereafter, except that the indemnification by Seller shall continue as to any Loss of which Buyer has notified Seller, including the general circumstances giving rise thereto, in accordance with the requirements of Section 10.3 ("Notice of Claims") on or prior to the date such indemnification would otherwise terminate in accordance with this Section 10.1, as to which the obligation of Seller shall continue until the liability of Seller shall have been determined pursuant to this Article 10, and Seller shall, if required to do so under a final judgement of a court or final decision of an arbitrator have reimbursed Buyer for the full amount of such Loss in accordance with this Article 10, provided however, that Seller shall only have liability under this Section 10.1 once the aggregate of all Losses exceeds [*] and thereafter, only if the amount of Loss arising from the same or single set of circumstances is in excess of [*].

In addition to the foregoing, Buyer and Seller agree that Seller shall only have liability under this Agreement once the aggregate of all Losses for which Seller is liable to Buyer exceeds [*] and thereafter, only if the amount of Loss arising from the same or single set of circumstances for which Seller is liable to Buyer is in excess of [*] provided, however, that this sentence shall not apply to a claim by Buyer against Seller that arises from any adjustment of the purchase price as described in Section 2.5(a).

10.2 Indemnification by Buyer.

Buyer agrees to indemnify and hold harmless Seller from and against any and all Losses incurred by Seller in connection with or arising from:

[*]-CERTAIN INFORMATION AS INDICATED ON THIS PAGE HAS BEEN OMITTED AND FILED SEPARATELY WITH THE COMMISSION. CONFIDENTIAL TREATMENT HAS BEEN REQUESTED WITH RESPECT TO THE OMITTED PORTIONS.

(a) any breach by Buyer of any of its covenants in this Agreement;

(b) any breach of any warranty or the inaccuracy of any representation of Buyer contained or referred to in this Agreement or any certificate delivered by or on behalf of Buyer pursuant hereto; and

(c) the Assumed Liabilities;

(d) claims for which Buyer is required to indemnify Seller under Section 7.1(f) hereof; and

(e) the use of the Purchased Assets, the conduct of the Operations or the use of the Leased Facility from and after the Closing Date.

The indemnification provided for in Section 10.2(a), 10.2(c), 10.2(d), and 10.2(e) shall not terminate. The indemnification provided for in Section 10.2(b) shall terminate one (1) year after the Closing Date, and no claims shall be made by Seller under Section 10.2(b) thereafter, except that the indemnification by Buyer shall continue as to any Loss or Expense of which Seller has notified Buyer in accordance with the requirements of Section 10.3 on or prior to the date such indemnification would otherwise terminate in accordance with this Section 10.2, as to which the obligation of Buyer shall continue until the liability of Buyer shall have been determined pursuant to this Article 10, and Buyer shall have reimbursed Seller for the full amount of such Loss in accordance with this Article 10.

10.3 Notice of Claims.

Buyer or Seller (the "Indemnified Party") seeking indemnification hereunder shall give to the party obligated to provide indemnification to such Indemnified Party (the "Indemnitor") a notice (a "Claim Notice") describing in reasonable detail the facts then known with respect to such claim for indemnification hereunder and shall include in such Claim Notice the amount of such claim (to the extent then known), and a reference to the provision of this Agreement or any other Additional Agreement, executed hereunder or in connection herewith upon which such claim is based; provided, however, that a Claim Notice in respect of any action at law or suit in equity by or against a third Person as to which indemnification will be sought shall be given promptly after the action or suit is commenced; and provided, further, that failure to give such notice shall not relieve the Indemnitor of its obligations hereunder except to the extent it shall have been materially prejudiced by such failure.

After delivery of any Claim Notice pursuant hereto, the amount of indemnification to which an Indemnified Party shall be entitled under this Article 10 shall be determined in accordance with the dispute resolution mechanism set forth in Section 12.12 hereto.

10.4 Third Party Claims.

The Indemnitor shall have the right to conduct and control, through counsel of its choosing, the defense, compromise or settlement of any third Person claim, action or suit against any Indemnified Party as to which indemnification will be sought by such Indemnified Party from any Indemnitor hereunder, and in any such case the Indemnified Party shall cooperate in connection therewith and shall furnish such records, information and testimony and attend such conferences, discovery proceedings, hearings, trials and appeals as may be reasonably requested by the Indemnitor in connection therewith; provided, that the Indemnified Party may participate, through counsel chosen by it and at its own expense, in the defense of any such claim, action or suit as to which the Indemnitor has so elected to conduct and control the defense thereof. So long as the Indemnitor is defending in good faith any third Person claim as to which indemnification has been sought hereunder, the Indemnified Party shall not settle or compromise such third Person claim without Indemnitor's prior written consent.

10.5 Environmental Indemnification by Seller.

(a) Indemnification. Notwithstanding anything to the contrary in this Agreement, Seller agrees to indemnify and hold harmless Buyer from and against any and all Pre-Existing Environmental Liabilities.

(b) Adequate Protection From Loss. Seller acknowledges that its obligations under the foregoing Section 10.5 (a) shall arise upon the service or filing of an action or proceeding regarding any Losses for which Seller is liable under this indemnity, and not merely upon the realization by an Indemnified Party of an actual loss; and, therefore, Seller agrees, within fifteen (15) days following receipt of a written notice regarding the service or filing of such action or proceeding to indemnify and hold harmless the Indemnified Party from such Losses. If it is determined that the subject Losses, or some portion of them, pertain to circumstances first occurring after the Closing Date that are subject to Section 10.6 hereof, Buyer shall promptly refund to Seller on a equitable prorata basis the Losses Seller incurred in providing indemnity and hold harmless protection.

(c) Waiver by Seller. To the extent permitted by applicable Law, Seller, on behalf of itself and its Successors (other than Buyer), after consultation with counsel, hereby waives (i) any and all rights to join Buyer and its Successors in any litigation or proceeding to the extent, but only to the extent arising out of or in connection with any Pre-Existing Environmental Liabilities; and (ii) any and all Losses which any of them may have in respect to any Pre-Existing Environmental Liabilities.

(d) Survival. It is expressly acknowledged by Seller that the acts, omissions, breach of any covenant in this Agreement or in any Additional Agreement, or violation of environmental Laws by Buyer and/or Successors (whether active, passive, negligent, wrongful or in violation of any agreement) shall not impair the right of any of such Persons (including the Person acting or omitting the act) to enforce Seller's indemnification

obligations pursuant to this Section 10.5. The obligations and rights of the parties under this Section 10.5 are in addition to, independent from, and severable from the rights and obligations of the parties under this Agreement or any other agreement between them and shall survive, notwithstanding the termination, expiration or breach of such agreements or any other agreement between any of the parties hereto and notwithstanding any other act or omissions of the parties, whether or not such acts are in violation of the express provisions of this Agreement or applicable Requirements of Laws.

10.6 Environmental Indemnification by Buyer.

(a) Indemnification. Buyer agrees to indemnify and hold harmless Seller from and against any and all Losses incurred to the extent caused by or arising out of any of the following liabilities which are not otherwise Pre-Existing Environmental Liabilities ("Buyer Environmental Liabilities"):

(i) the presence of Contamination as a consequence of the Release after the Closing Date of Hazardous Material by Buyer or any of Buyer's agents, employees or contractors on or about the Leased Facility or the Operations on or about the Leased Facility after the Closing Date.

(ii) any Hazardous Material Activity or Remediation Activity on the Leased Facility after the Closing Date.

(iii) the exposure after the Closing Date of any employee of any Seller or any other Person to any Contamination described in sub-part (i) above, at any time, to any Hazardous Material in the course of or a consequence of any Hazardous Material Activity conducted on or about the Leased facility after the Closing Date.

(b) Adequate Protection From Loss. Buyer acknowledges that its obligations under the foregoing Section 10.6 (a) shall arise upon the service or filing of any action or proceeding for which Buyer is liable under this indemnity, and not merely upon the realization by the Indemnified Party of an actual loss; and, therefore, Buyer agrees, within fifteen (15) days following receipt of a written notice regarding the service or filing of such action or proceeding indemnify and hold harmless the Indemnified Party. If it is determined that the subject Losses, or some portion of them, pertain to circumstances first occurring prior to the Closing Date, that are subject to the provisions of Section 10.5 hereof, Seller shall promptly refund to Buyer on an equitable prorata basis, the Losses Buyer incurred in providing indemnity and hold harmless protection.

(c) Waiver by Buyer. To the extent permitted by applicable law, Buyer, on behalf of itself and its Successors, after consultation with counsel, hereby waives any and all rights to join Seller and their Successors in any litigation or proceeding to the extent, but only to the extent, arising out of or in connection with any Buyer Environmental Liabilities; and any and all Losses which any of them may have with respect to any Buyer Environmental Liability to which Seller did not exacerbate or contribute.

(d) Survival. It is expressly acknowledged by Buyer that the acts, omissions, breach of any covenant in this Agreement or in any Additional Agreement, or violation of Environmental Laws by Seller and/or its respective Successors (whether active, passive, negligent, wrongful or in violation of any agreement) shall not impair the right of any such Persons (including the Person acting or omitting to act) to enforce Buyer's indemnification obligations pursuant to this Section 10.6. The obligations and rights of the parties under this Section 10.6 are in addition to, independent from, and severable from the rights and obligations of the parties under this Agreement or in any Additional Agreement between them and shall survive, notwithstanding the termination, expiration or breach of such agreements between any of the parties hereto and notwithstanding any other act or omission of the parties, whether or not such acts are in violation of the express provisions of this Agreement, any Additional Agreement or Requirements of Laws.

10.7 Special Understanding Regarding Pre-Existing Lead in the Exhaust System.

Seller acknowledges the presence of a Hazardous Material within the Leased Facility as more particularly described in Subsection 4.11 of Schedule 4 ("Pre-Existing Lead in the Exhaust System"). With respect and only with respect to such Pre-Existing Lead in the Exhaust System, Trimble and Solectron agree that:

(a) Pre-Existing Lead in the Exhaust System existing at the Closing Date shall be deemed a Pre-Existing Environmental Liability; and

(b) Any further accretion or deposit of lead in the affected exhaust system occurring after the Closing Date shall be deemed a Pre-Existing Environmental Liability to the extent that such further accretion or deposit occurs both (i) in the regular course of Buyer's manufacture of Seller's products after the Closing Date under the Supply Agreement, AND (ii) in the substantially the same manner and at the substantially the same rate (or a lower rate) as occurred before the Closing Date.

ARTICLE 11

Any such waiver shall be validly and sufficiently authorized for the purposes of this Agreement if, as to any party, it is authorized in writing by an authorized representative of such party. The failure of any party hereto to enforce at any time any provision of this Agreement shall not be construed to be a waiver of such provision, nor in any way to affect the validity of this Agreement or any part hereof or the right of any party thereafter to enforce each and every such provision. No waiver of any breach of this Agreement shall be held to constitute a waiver of any other or subsequent breach.

12.8 Expenses.

preparation of preliminary or final Manufacturing Standards, or changes thereto, including but not limited to sourcing and qualifying components, cost analysis, and Product modifications for unit cost reduction. Trimble may, at its option, participate in all such Solectron activities.

For each Product, Solectron shall submit to Trimble preliminary Manufacturing Standards that comply with the relevant Design Specification and Manufacturing Specifications within a reasonable time after Trimble delivers its Design Specification to Solectron.

As soon as practicable after Solectron delivers the preliminary manufacturing procedures to Trimble, Trimble and Solectron shall review them jointly. Solectron shall maintain, for each Product, a Production File that (i) includes the Design Specifications and final Manufacturing Standards; and (ii) complies with all relevant provisions of this Agreement, including the Manufacturing Specifications. Solectron shall promptly identify to Trimble any Production File information that Solectron considers Solectron's Proprietary Information.

4.4. Production Prior to Acceptance of Production Files

Prior to Trimble's written approval of Solectron's proposed Manufacturing Standards, Solectron shall continue to produce the Products in accordance with Trimble's historic processes prior the Effective Date, provided that to the extent that Trimble has not furnished information regarding its historic processes for producing any such Products, Solectron shall employ methods of production that conform to generally recognized best practices.

Solectron shall manufacture, assemble and test each Product in accordance with its Production File at a Solectron facility that has been approved by Trimble in writing. Solectron will not change the location of manufacture, including without limitation different facilities or different production lines within the same facility, without Trimble's prior written approval.

Solectron shall not subcontract or delegate any portion of the manufacture, assembly or testing of the Products to third parties without Trimble's express written approval, which may be granted or withheld by Trimble in its sole discretion.

Solectron shall not, without Trimble's prior written approval, include electronic components in the Products which have a date code which is older than [*] from the date such component is first delivered to Solectron, provided however, that for any such Parts with a date code older than [*] from the date such component is first delivered to Solectron, Solectron shall perform such solderability and other tests as may be required by the Manufacturing Specifications or best commercial practice. Solectron shall keep documentation sufficient to verify its compliance with this Paragraph 5.3 and shall promptly provide such documentation to Trimble upon request.

5.4. Production File Changes

5.4.1. Initiated by Trimble

From time to time during the Term, Trimble may issue a preliminary change notice ("Preliminary Change Notice") to Solectron that states one or more changes to a Production File or the Manufacturing Specifications.

Trimble's Preliminary Change Notice shall specify whether Trimble's requested change is a Class 1 ECN or Class 2 ECN. A "Class 1 ECN" is an engineering change that must be implemented within Twenty Four (24) hours after receipt of notice and before additional Products are delivered to Trimble. a final engineering change notice ("ECN") or final manufacturing change Notice ("MCN") to Solectron.

5.4.2. Initiated by Solectron

If Solectron wishes to initiate a change to a Production File or the Manufacturing Specifications, Solectron shall furnish to Trimble a proposed change notice ("Proposed Change Notice") together with information regarding factors that may affect implementation, and cost associated with implementation (one-time and on-going). Solectron shall supplement the Proposed Change Notice with such additional information as Trimble may reasonably request at any time ("Supplemental Information"). Trimble shall not be deemed to have completed its assessment, and shall be under no obligation to respond to a Proposed Change Notice, until Trimble has received and analyzed the Proposed Change Notice, the Supplemental Information, and such other information regarding the business, financial and technical particulars as Trimble may in its sole discretion deem necessary or advisable. Trimble may decline any Proposed Change Notice in Trimble's absolute discretion. If Trimble wishes to implement an engineering change as described in Solectron's Proposed Change Notice, Trimble shall issue a Final ECN or Final MCN to Solectron.

For change requests initiated by Solectron, Solectron will be responsible for [*] to such materials, locations or processes that are requested by Solectron, except as the Parties may otherwise expressly agree in writing.

5.4.3. Final ECN/MCN

A Final ECN or final MCN shall be incorporated into the Production File for the applicable Product(s) on the specified implementation date. Solectron shall not change or modify the processes for the Products as provided in the Production File without a Final ECN or final MCN from Trimble.

5.4.4. Charges

For purposes of this paragraph 5.4, any cost identified by Solectron as a "cost associated with implementation" shall not include, and Trimble shall not be liable for, [*]

5.5.5. Allocations

Solectron warrants and agrees that with respect to any allocations of components, materials, labor or production capacity made in connection with orders placed by Trimble under this Agreement due to any shortage or unavailability, Trimble will receive from Solectron allocations thereof that are at least as favorable as any allocation provided to any other Solectron customer.

5.8. Production Personnel

Solectron acknowledges that certain Solectron personnel whose names appear on the attached Exhibit 5.8 were Trimble employees before the Effective Date, possess certain [*] or other technical or engineering skills and experience that have been and will continue to be required in the production of the Products. Solectron agrees that it shall [*]

5.9. Production Floor Scrap

Solectron shall bear all costs for Scrap within a [*]. Above the [*], (i) Trimble shall reimburse Solectron the [*] for all Parts or Products Scrap that the Parties reasonably determine is caused by Trimble's Product design; and (ii) Solectron shall bear all cost for all Parts or Products Scrap caused by Solectron's manufacture of the Products.

"Scrap" means Parts or Products that are or may become unusable in the manufacturing process. "Scrap Rate" is calculated by dividing the materials WAAP of all Scrap created in each quarter by the total materials WAAP in that quarter and expressing the result as a percentage.

5.10. Discrepant Materials

As provided in the Asset Purchase Agreement, Solectron will purchase Discrepant Materials from Trimble at [*]. Trimble will sell only those Discrepant Materials produced in the one (1) year prior to the Effective Date. Solectron may repair or rework the Discrepant Materials to meet the applicable Product's Production File and supply the repaired or reworked Discrepant Materials to Trimble as Products under this Agreement. Solectron shall bear the cost of all Scrap in the Discrepant Materials. If (i) the price paid by Solectron for the Discrepant Material totals more than [*]; or (ii) despite its best efforts, Solectron is unable to repair or rework more than [*] of the Discrepant Materials to meet the applicable Product's Production File; the Parties will meet and discuss an equitable resolution. "Discrepant Materials" means work in progress that fails to meet the applicable Product's Production File.

6. PRODUCTION SUPPORT TEAMS

On or before the Effective Date Solectron shall establish a team of skilled and experienced employees ("Production Support Team") which shall be the primary Product and technical interface with the other Party and serve as the focal point for the identification and resolution of any problems that may surface during the

course of this Agreement. Solectron shall consult with Trimble and comply with Trimble's reasonable requests regarding the Solectron personnel that Solectron designates or intends to designate as Solectron's Production Support Team, including the opportunity to interview and reject proposed Production Support Team candidates prior to Solectron assigning them to the Production Support Team. Production Support Teams shall not have the authority to amend or modify the terms of this Agreement. The Production Support Teams shall meet periodically, electronically, telephonically or otherwise as reasonably agreed by the Parties, and at least quarterly for a general review of the Parties' performance under the relationship and to establish any corrective action plans necessary to meet performance criteria set forth in this Agreement.

Solectron's Production Support Team shall include two (2) Customer Focus Teams, aligned on a product- or business unit basis as Trimble may reasonably request, which shall be responsible for providing support in the following areas: (i) Trimble Vendor management; (ii) inventory control; (iii) engineering services; (iv) master scheduling; (v) document control; (vi) quality assurance; and (vii) customized reporting.

In addition to the obligations described above, Solectron's Production Support Team shall be able to (i) respond to normal inquiries within [*], (ii) provide an initial response for urgent requests within [*], and (iii) comply with the order acknowledgment and RMA procedures set forth elsewhere in this Agreement.

7. FORECASTS

Within three (3) business days after the Effective Date, Trimble shall deliver to Solectron a non-binding, forward looking, [*] rolling forecast ("Forecast") for orders of the Products, and update such Forecast from time to time during the Term, but no less frequently than [*]. Each Forecast shall state Trimble's anticipated orders for each Product during the Forecast period: [*]

8. PURCHASE ORDERS

From time to time during the Term, Trimble may deliver Purchase Orders to Solectron in writing, via telefax or electronically, via procedures to be mutually agreed or in the same manner as specified in this Agreement for the delivery of notices. Such Purchase Orders shall include the following information ("Basic Information"), as and if applicable, and such other information as may be relevant to such Purchase Orders:

8.1.1. Deliverables (which shall include Trimble part number(s));

8.1.2. Quantities of each deliverable;

8.1.3. Unit and total prices then in effect;

8.1.4. Delivery date(s) within the applicable Product Delivery Leadtime;

8.1.5. Delivery location(s);

8.1.6. Product notes (including, but not limited to, radio frequency or other configuration information); and

8.1.7. Any special packaging or shipping requirements.

Any terms, conditions or information appearing on or accompanying any of Trimble's or Solectron's purchase orders or acknowledgments or related correspondence, other than the Basic Information, shall be of no effect unless (i) expressly permitted under this Agreement, or (ii) Trimble and Solectron expressly agree otherwise in a separate, signed writing.

8.2. Delivery Leadtimes

Delivery Leadtimes for each Product shall be determined by the Product's applicable delivery category specified on, and subject to change as provided in, the attached Exhibit 8.2.

8.4. Order Acceptance.

A Purchase Order in the form described in Paragraph 8 above, which complies with the terms of this Agreement, (a "Complying Order") shall be deemed accepted by Solectron upon receipt regardless of whether or not confirmed or acknowledged by Solectron as provided in paragraph 8.3. Solectron shall not be obligated to accept a purchase order that is not a Complying Order, nor shall Solectron be obligated to accept a purchase order which states quantities in excess of those Forecast and Flexibility

Parameters (any of the foregoing a "Non-Complying Order"), and such a Non-Complying Order shall not be deemed accepted by Solectron unless Solectron expressly accepts it in writing. If Solectron determines that any purchase order is a Non-Complying Order, Solectron shall notify Trimble as described in Paragraph 8.3 above, and the Parties shall use their mutual reasonably diligent efforts to cause the Purchase Order to be a Complying Order, at which time it shall be deemed accepted by Solectron and Solectron shall so confirm to Trimble in writing.

8.5. Purchase Order Changes

8.5.1. Trimble shall be entitled to cancel any Purchase Order in whole or in part, or change all or any part of the Basic Information applicable to any Purchase Order, by delivering notice thereof to Solectron in the same manner as a Purchase Order may be delivered, and Solectron shall comply with any such change or cancellation. Any such change or cancellation shall be without liability to Trimble if it is within the Flexibility Parameters and, if it is not, such change or cancellation shall be subject to any relevant liability as described in Exhibit 8.2.

8.5.2. For increases or decreases in quantities ordered which fall outside of the parameters set forth in Exhibit 8.2, Solectron agrees to use best efforts to accommodate Trimble's requested changes.

8.6. First Month Orders

For the thirty (30) days following the Effective Date, the forecasting and ordering procedures specified in Paragraphs 7 and 8 shall not apply to the ordering, production or delivery of the Products. Instead, during that thirty (30) day period, Solectron shall complete the production of Products in process as of the Effective Date in accordance with a schedule to be provided by Trimble to Solectron at the Effective Date, provided that such schedule generally provides for manufacturing times for the Products substantially in accordance with the Delivery Leadtimes specified on Exhibit 8.2. During such thirty (30) day period, Trimble will supply forecasts on a daily basis.

8.7. Solectron and Trimble agree to discuss at a mutually agreeable date the terms and conditions, if any, under which the Parties may agree to implement a kanban or demand-pull form of delivery system for the Products.

9. DELIVERY.

9.1. Beginning at the Effective Date and until such time as required by a Delivery Plan ("Delivery Interim Period"), Solectron shall deliver Products to Trimble on time to the same extent that Trimble's manufacturing function has internally delivered Products within Trimble on time, or earlier, during the six (6) month period preceding the Effective Date. During the Delivery Interim Period, Solectron shall use its best efforts to deliver Products on time as required to meet Trimble's business needs, consistent with the condition of the Trimble manufacturing function

transferred to Solectron under that certain Asset Purchase Agreement between Trimble and Solectron dated [date].

Within Forty Five (45) days following the Effective Date, Solectron shall furnish to Trimble, for Trimble's review and approval, a proposed plan to achieve on time delivery of all Products ("Delivery Plan"). Beginning at the time specified in the Delivery Plan, but in no event later than March 31, 2000, Solectron will deliver all Products to Trimble on time.

For purposes of this Agreement, a Product shall be deemed delivered "on time" if it conforms to the relevant warranty and acceptance criteria, was produced in conformity with the applicable Production File, and is delivered to the required delivery location or common carrier, as applicable, on or not more than three (3) days before the delivery date specified in the applicable Purchase Order.

- 9.2. If a delivery is not on time, or if Solectron reasonably expects to make a delivery that is not on time, Solectron shall promptly notify Trimble, and unless the delay is caused by Trimble, shall at no additional cost to Trimble employ accelerated measures such as material expediting fees, premium transportation costs, or labor diversion or overtime required to meet the specified delivery date or minimize the lateness of deliveries.
- 9.3. For deliveries to Trimble within [*] of Solectron's Milpitas, California facility, Solectron shall deliver Products to Trimble's delivery location specified in an Order, [*] choosing.
- 9.4. For all other deliveries, Solectron shall deliver Products [*] choosing addressed to the delivery location specified in the relevant order, and shall insure against normal transportation risks. The cost of shipment and insurance shall be added to the amount payable by Trimble.
- 9.5. Title and risk of loss to all Products shall pass to Trimble upon delivery to the common carrier at Solectron's shipping dock.

10. LABELING AND PACKAGING

- 10.1. Trimble shall provide to Solectron all necessary specifications, identification and artwork for the labeling of the Products and packaging under the applicable label.
- 10.2. Solectron shall package and label all Products as specified by Trimble in the Design Specification, without additional cost to Trimble. Where Trimble does not specify packaging and shipping requirements in the Design specification, Solectron shall package and ship Products to Trimble in a manner which (i) follows Trimble's written instructions, (ii) follows good commercial practice, (iii) is acceptable to common carriers for shipment, and (iv) is adequate to ensure safe arrival. Solectron shall mark the outside of each shipment container with the applicable Trimble part numbers and necessary handling and lifting information. Each

[*]-CERTAIN INFORMATION AS INDICATED ON THIS PAGE HAS BEEN OMITTED AND FILED SEPARATELY WITH THE COMMISSION. CONFIDENTIAL TREATMENT HAS BEEN REQUESTED WITH RESPECT TO THE OMITTED PORTIONS.

shipment shall be accompanied by a packing slip and source inspection acceptance report which will include Trimble's part numbers, purchase order and the quantity shipped. Solectron further agrees to label the Products consistent for United States custom requirements for country of manufacture as well as to provide revision code and manufacturing date code labeling for the Products in the location and format specified by Trimble.

10.3. If Trimble requests additional marking or labeling information on, or packaging for, the Products which is not specified in the Design Specifications and which results in a change in the cost of materials or production, Trimble and Solectron shall negotiate an equitable price adjustment in good faith.

10.4. Solectron shall not pack different Products or different configurations of the same Products in the same shipment container.

11. ACCEPTANCE OR REJECTION

11.1. Source Inspections.

Upon prior notice to Solectron, Trimble or its authorized representative(s) may conduct source inspections of the Products at Solectron's facility at which Products are being manufactured, during Solectron's normal business hours. Such inspections shall be based upon [*] and such other standards as Trimble may reasonably elect. The Parties shall mutually agree upon the timing of such inspections, which shall be conducted in a manner that does not interfere with Solectron's operations. Solectron shall provide sufficient facilities for persons conducting such source inspections. If any Product fails the test procedure set forth in the Manufacturing Standards, Trimble may reject the entire lot of any such Products, and Solectron shall promptly take all steps necessary to correct such failures.

Immediately upon any rejection resulting from a source inspection, Solectron shall identify the cause of the failure and shall promptly take all reasonable steps to correct any such failure as described in the Manufacturing Specifications.

11.2. Incoming Inspections.

Trimble may inspect all Products within [*] after its receipt of such Product ("Rejection Period") and may reject any Product that fails to meet the Design Specifications or Manufacturing Standards.

Trimble may also reject any quantity of goods shipped by Solectron in excess of those ordered, or which are delivered more than [*] before the scheduled delivery date. However, such overshipments or early shipments, to the extent accepted, shall be subject to all of the terms and provisions contained in this Agreement.

If Trimble rejects any Products, Trimble shall notify Solectron in writing or follow the RMA procedure described in Paragraph 18.3 within the

[*]-CERTAIN INFORMATION AS INDICATED ON THIS PAGE HAS BEEN OMITTED AND FILED SEPARATELY WITH THE COMMISSION. CONFIDENTIAL TREATMENT HAS BEEN REQUESTED WITH RESPECT TO THE OMITTED PORTIONS.

Rejection Period. Solectron shall promptly credit Trimble's account for all Products rejected by Trimble and returned to Solectron.

11.3. General.

Solectron shall (i) provide Corrective Action Reports as specified in Exhibit 15.1 unless otherwise specified by Trimble in the Design Specifications or Quality Plan for the applicable Products, and (ii) record date codes, serial numbers, electronic serial numbers ("ESN numbers") and corrective action for all Products rejected by Trimble.

Notwithstanding anything to the contrary contained in this Agreement, inspection or failure to inspect the Products upon Delivery shall not affect Trimble's rights under the warranty provisions of this Agreement.

12. PRICING, PAYMENT, AND COST REDUCTION

12.1. Prices

- 12.1.1. The initial unit prices to be paid by Trimble for Product(s) are set forth in Exhibit 1.20 attached to this Agreement.
- 12.1.2. During the term of this Agreement, adjustments to the unit prices for the Products will be made on an ongoing basis in accordance with the provisions of Exhibit 12.1.
- 12.1.3. Except as otherwise provided in this Agreement, unit price includes all charges for the Product(s), any related deliverable items and services, and packaging.
- 12.1.4. The WAAP stated by Solectron to Trimble during the Term for any Part supplied or to be supplied by Solectron to Trimble (i) fairly and accurately represents the price paid by Solectron for such Part, and (ii) is determined under the Method stated in Exhibit 1.33.
- 12.1.5. Solectron's Method of calculating the WAAP of any Part (i) is the method regularly and consistently employed by Solectron for internal financial reporting purposes, and (ii) includes all elements, and does not omit elements, necessary to make any statement of WAAP accurate and not misleading.
- 12.1.6. Prices are partially based on the Parties' estimate that Solectron's annual revenue from Trimble, [*]. If, upon the first anniversary of the Effective Date, [*], the parties will in good faith discuss an equitable resolution. Solectron will use its best efforts to reduce or otherwise control its costs and re-deploy its manufacturing assets prior to any such negotiations.

12.2. Payment

Trimble shall pay for all Products received by Trimble [*]

Except as provided above:

12.2.1. Trimble shall use commercially reasonable efforts to pay for all other Products received by Trimble between [*] and

12.2.2. Trimble shall use commercially reasonable efforts to pay for all Products received by Trimble [*]

When reasonably practicable, payment will be made by electronic transmittal Electronic Data Interchange ("EDI") or equivalent. Solectron agrees to support Trimble in implementing the required EDI process. Payment shall not constitute acceptance of the Products by Trimble.

12.3. Taxes

Where the law permits, Solectron shall treat Trimble as exempt from applicable state and/or local sales tax for Product(s) purchased pursuant to this Agreement. Where required by state or local law, Trimble shall provide Solectron with a valid reseller's exemption certificate for each taxing jurisdiction to which Solectron ships Product(s). When Trimble purchases Products for internal use pursuant to this Agreement, Trimble shall notify Solectron and shall pay any applicable sales tax to Solectron.

13. RECORDS, AUDITS AND REPORTS

13.1. Solectron shall keep complete, correct and accurate books of account containing all records that are required according to Solectron's business processes and policies. In order to allow Trimble to determine the accuracy of the prices charged to Trimble under this Agreement and to verify the efforts of Solectron to reduce such prices.

Solectron shall within three (3) business days after Trimble's request made at any time and from time to time provide to Trimble:

13.1.1. A report that identifies, by part number, quantity and such other attributes as are relevant, all finished goods, work in progress, Parts and other items held or ordered by Solectron (i) for which Trimble is or may become liable to pay Solectron under any provision of this Agreement, and (ii) in addition to the foregoing, those that Solectron intends to use in producing Products.

[*]-CERTAIN INFORMATION AS INDICATED ON THIS PAGE HAS BEEN OMITTED AND FILED SEPARATELY WITH THE COMMISSION. CONFIDENTIAL TREATMENT HAS BEEN REQUESTED WITH RESPECT TO THE OMITTED PORTIONS.

- 13.1.2. Access to the following types of information with respect to Solectron's performance of its obligations under this Agreement: component WAAPs; component business awards where such awards are specified by Trimble; labor time standards; yield data at board test and final test; rework and scrap rates; supplier performance ratings; lot tracking/status information; factory cycle-time; component lead times; freight costs; inventory visibility; ECN tracking and effectiveness; and summaries of shipments and billings.
- 13.1.3. For the verification of component pricing, Solectron shall provide Trimble Weighted Average Actual Price (WAAP) data for components, at the Trimble part number level. Trimble, at its request, may verify Solectron's process for calculating the WAAP by reviewing data relating to receipt and disbursement of a reasonably representative sample of Parts whose pricing does not fall under a Solectron non-disclosure agreement with any supplier, or when the supplier waives any related non-disclosure obligation. If a supplier waives a non-disclosure obligation, Solectron shall take no action to discourage or prevent Part price disclosure to Trimble. For new assemblies containing new components with no WAAP in Solectron's MRP system, Solectron shall provide Trimble a burdened component price in order to comply with existing non-disclosure provisions that prohibit Solectron from sharing actual purchase price. Such burdened price will be for reference only, and contain a Solectron-proprietary adjustment which shall not be included in any Part pricing for costed bills of materials for new products, assemblies or Parts.
- 13.1.4. All WAAP information disclosed between the Parties shall be deemed Confidential Information. Trimble shall not reveal WAAP data to component suppliers, distributors, other contract manufacturers, or any other third parties, either directly or indirectly. The Parties acknowledge that improper disclosure of WAAP data to suppliers could result in irreparable damage to procurement leverage; therefore, each Party agrees to take prompt corrective action for any improper disclosure and to take disciplinary action where appropriate.
- 13.1.5. The most current Production File for the Product(s).

- 13.2. Solectron shall, on or before the fifth (5th) day of each calendar month during the Term, deliver to Trimble a Monthly Report as described in the attached Exhibit 13.3.
- 13.3. Solectron shall permit Trimble's customers reasonable inspection and access to data regarding quality, yield data at board test and final test, rework and scrap rates, lot tracking/status information, summaries of shipments, and such other non-financial manufacturing information as Trimble's customers may reasonably require to confirm Trimble's compliance with such customers' reasonable manufacturing requirements.

14. PROTOTYPE SERVICES

From time to time during the Term, Trimble may desire Solectron's help in building Prototypes. In these instances, Trimble shall notify Solectron of its desire, shall furnish to Solectron preliminary design information and the Parties shall cooperate as described in Exhibit 14.

15. QUALITY ASSURANCE

15.1. Quality Improvement Plan

In addition to the Quality Plans that are part of each Production File, Solectron shall establish, maintain and manage a Quality Improvement Plan for each Product that is consistent with (i) the provisions of Exhibit 15.1, and (ii) standard industry practices, to ensure that the overall reliability, quality and performance objectives stated in the relevant Production File is achieved.

15.2. ISO9000 Certification

Solectron shall manufacture the Product(s) at a facility that maintains ISO 9000 certification.

15.3. QS9000 Compliance

Solectron shall obtain as soon as reasonably practicable (but in no case longer than twelve (12) months following the Effective Date) and maintain throughout the Term QS9000 compliance at its Product production facility. Solectron will investigate QS9000 certification and advise Trimble if and when Solectron can achieve QS9000 certification.

15.4. Other Requirements

From time to time during the Term, Trimble may request that Solectron obtain such other certifications and meet such other manufacturing, security, facility and other requirements as Trimble may specify.

16. REGULATORY COMPLIANCE

Solectron represents and warrants that its manufacturing facilities will comply, its manufacturing processes will be conducted in accordance, and its performance under this Agreement shall comply, with all applicable federal, state and local statutes, laws and regulations.

17. PRODUCT WARRANTY; EPIDEMIC FAILURE

17.1. Performance Warranty.

Solectron warrants to Trimble that Product(s) furnished by Solectron to Trimble under this Agreement, and their production, (a) shall conform to the Production File, (b) shall conform to the Manufacturing Specifications, and (c) shall be free from defects in material and workmanship furnished by or through Solectron under normal use and operation for either (i) the period specified on Exhibit 1.20, or (ii) if no period is specified on Exhibit 1.20, the lesser of (A) [*] from the date of delivery by Solectron to Trimble, or (B) [*] from the date of delivery of the Product to the end user, or (iii) such other period as the Parties may expressly agree in writing.

17.2. Epidemic Failure

Except as may otherwise be provided in a Production File, in the event that, at any time within [*] after Delivery, more than [*] of any given Product sold and delivered to Trimble within any [*] period fails to operate properly as the result of improper Solectron workmanship, then an Epidemic Failure shall be deemed to have occurred. Upon notice by Trimble to Solectron of any Epidemic Failure, Solectron shall promptly develop a plan to eliminate the problem in all continuing production and to correct the problem in all affected units of Product previously sold and delivered to Trimble during said [*] time period. Solectron shall submit such plan to Trimble for Trimble's acceptance. Upon receiving Trimble's approval of such plan, Solectron shall implement the corrective action at its expense. If such plan is not acceptable to Trimble, then Trimble can require Solectron to repair or replace, at Trimble's option, the affected Product at Solectron's cost. The parties agree to use reasonable efforts to complete the repair or replacement of the affected Product within [*] after written notice of such Epidemic Failure is provided to Solectron. For epidemic failures that are affecting current production, Solectron shall identify the problem and develop a plan to solve it within [*] of Trimble's notice.

In the event of an epidemic failure due to a common cause which is neither (A) otherwise covered by the previous paragraph; nor (B) due to (i) a Trimble Product design, (ii) Trimble-supplied test design, or (iii) a Trimble Proprietary Component; the Parties will use reasonable efforts to determine, address and resolve such failure and its consequences.

In the event any failure described in this paragraph 17.2 arises from defects in materials supplied to Solectron by any third party, Solectron shall share, assign or pass through to Trimble any related concession from or claim against the relevant supplier.

17.3. Warranty Exclusions

The warranties set forth in this article shall not apply to any claims, problems or defects which are the result of designs specified in the Design Specifications, normal wear and tear, mishandling, misuse,

[*]-CERTAIN INFORMATION AS INDICATED ON THIS PAGE HAS BEEN OMITTED AND FILED SEPARATELY WITH THE COMMISSION. CONFIDENTIAL TREATMENT HAS BEEN REQUESTED WITH RESPECT TO THE OMITTED PORTIONS.

neglect or improper testing or repair by other than Solectron or its authorized representative. These warranties shall survive inspection, acceptance and payment.

THE WARRANTIES CONTAINED IN THIS ARTICLE ARE IN LIEU OF, AND SOLECTRON EXPRESSLY DISCLAIMS AND TRIMBLE WAIVES ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR ARISING BY COURSE OF DEALING OR PERFORMANCE, CUSTOM, USAGE IN THE TRADE OR OTHERWISE, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE AND FITNESS FOR A PARTICULAR USE.

18. WARRANTY CLAIMS AND REPAIR

18.1. Trimble shall promptly notify Solectron of any breach or alleged breach of the warranties contained in Paragraph 17. Solectron and Trimble or Trimble's customers shall follow the RMA procedure described in Paragraph 18.3 below to return to Solectron Product(s) that are defective or that need repair or replacement. Solectron, at Solectron's expense and at Trimble's option, shall either replace or repair Products which are or become defective during the warranty period and Deliver the Products to the location designated by Trimble within [*] after Solectron's receipt of the rejected Product(s).

18.2. In connection with warranty repair or replacement, Solectron shall:

18.2.1. Use repair/rework processes that are part of the Production File or otherwise approved by Trimble in writing;

18.2.2. Record and report to Trimble, in writing, date codes, serial numbers, and corrective action for all Product(s) returned for repair or replacement;

18.2.3. Furnish Corrective Action Reports as required by Exhibit 15.1;

18.2.4. Update Product(s) to the latest engineering change level;

18.2.5. Pay all shipping costs associated with Products returned for repairs during the warranty period;

18.2.6. Repair or rework any given Product not more than [*] times;

18.2.7. Retest Products as specified in the Manufacturing Standards prior to a redelivery;

18.2.8. Return repaired, reworked or replacement Products in separate shipments from Trimble's scheduled Product orders; and

18.2.9. Provide statistics to Trimble on no problem found (or "NPF") returns on a quarterly basis.

18.3. RMA Procedure

To return a Product to Solectron as provided by Paragraphs 11 and 18, Trimble shall, request a Return Material Authorization ("RMA") number from Solectron. Solectron shall provide the RMA number in writing to Trimble within [*] after receipt of any request.

[*]-CERTAIN INFORMATION AS INDICATED ON THIS PAGE HAS BEEN OMITTED AND FILED SEPARATELY WITH THE COMMISSION. CONFIDENTIAL TREATMENT HAS BEEN REQUESTED WITH RESPECT TO THE OMITTED PORTIONS.

After receipt of the written RMA number, Trimble shall return to Solectron the rejected or defective Product, freight collect and properly insured, in its original shipping carton (if available) with the RMA number displayed on the outside of the carton.

Solectron shall, at Trimble's request, provide Trimble with pre-issued RMA numbers.

18.4. In-Field Warranty Repair

Trimble in the exercise of its sound business judgment may from time to time determine that warranty repair of certain Products or for certain customers should be undertaken at or near the customer's place of business. In such event, Trimble shall notify Solectron of such determination and the Parties shall thereupon immediately cooperate with each other to (i) determine whether the affected Product's condition constitutes a breach of any Solectron warranty and (ii) undertake such repair. If the affected Product's condition constitutes a breach of any Solectron warranty, Solectron shall either undertake such repair, or reimburse Trimble for its reasonable cost of such repair.

19. PARTS SUPPLY

19.1. By Solectron

Solectron shall, upon Trimble's request made at any time and from time to time, sell to Trimble:

19.1.1. During the Term of this Agreement, all finished goods, work in progress, Parts and other items held or ordered by Solectron (i) for which Trimble is or may become liable to pay Solectron under any provision of this Agreement; and (ii) in addition to the foregoing, those that Solectron intends to use in producing Products. The prices for any items shall not exceed what Trimble's liability would have been for the items as described in Exhibit 8.2 if Trimble had canceled its orders for Products.

19.1.2. During the Term of this Agreement, Parts Trimble may reasonably require for all Products purchased by Trimble from Solectron. Prices for the Products shall not exceed Solectron's WAAP for procuring the Parts plus the material markup specified in Exhibit 1.20. Trimble acknowledges that prices for Parts shall be subject to adjustment for increased costs in procurement of materials and manufacturing after cessation of production of the Product for which such Parts are supplied.

19.2. Discontinued Parts.

In addition to its obligations under paragraph 19.1 above, Solectron shall: (i) provide notice to Trimble at least twelve (12) months prior to discontinuing the availability of any Parts; (ii) inform Trimble of all last-time buy notifications for Parts promptly upon Solectron's receipt of such notifications; (iii) advise Trimble if a last-time buy is the most economical procurement strategy for such Parts as to which such a notification is

received (especially custom Parts which may require tool maintenance and set-up charges that far outweigh piece part WAAPs); and (iv) assist Trimble as reasonably requested to negotiate supply of any Parts subject to a last-time buy. Trimble may then buy, and Solectron will supply, such quantities as Trimble deems necessary to fulfill the remainder of its Product support requirements (i.e., "last-time buy.") If Trimble determines that a final buy is not financially favorable due to the length of the remaining support period for the Part(s), Solectron will assist Trimble in finding a third party supplier that can continue to support the Part(s) through manufacturing.

19.3. Restricted Materials and Last Time Buys.

Any Parts ordered or obtained by Solectron from or for Trimble that are subject to restricted, limited or otherwise problematic availability, including those that are subject to last-time buy or limited allocation, shall be held and used by Solectron exclusively to perform its obligations under this Agreement.

19.4. By Trimble

Solectron shall purchase, and assist Trimble Dispose of, Parts from Trimble's inventory existing at the Effective Date before purchasing such Parts from other sources. Any such sales shall be on commercially reasonable prices, terms and conditions.

20. PROPERTY FURNISHED TO SOLECTRON BY TRIMBLE

20.1. Trimble Property

Unless otherwise agreed in writing by Trimble, and notwithstanding the provisions of paragraph 21, all designs, specifications, drawings, special dies, molds, patterns, jigs, fixtures and any other property furnished to Solectron by Trimble, or specifically paid for by Trimble, for use in the performance of this Agreement shall be and remain the sole property of Trimble, shall be marked as Trimble directs to evidence its ownership thereof, shall be subject to return to Trimble or other disposition at any time upon Trimble's instruction, shall be used exclusively in the furnishing for Trimble of goods and/or providing of services for Trimble and shall, in the case of tangible property, be insured by Solectron, at Solectron's expense, while in its custody or control in an amount equal to the replacement cost thereof, with loss payable to Trimble. Solectron shall furnish to Trimble a copy of the policy or certificate of such insurance upon demand. Solectron shall execute and deliver to Trimble such other or further agreements relative to property furnished by Trimble to Solectron as may be requested by Trimble. With respect to such property, Solectron at its expense shall (i) obtain any consumable material required for its operation, (ii) perform all routine maintenance, and (iii) perform all repairs necessitated by accident, misuse, abuse or neglect. Trimble shall be responsible to perform or pay for repairs due to reasonable wear and tear, provided that Solectron first notifies Trimble of the need for such repairs and cooperates with Trimble regarding the nature and source of

such repairs. Solectron shall, upon Trimble's request, furnish to Trimble a written report listing the Trimble property in Solectron's possession.

As of the Effective Date, the property Trimble is furnishing to Solectron under this Section 20.1 is listed on Exhibit 20.1 attached hereto.

20.2. Technology License

Trimble grants to Solectron revocable, non-exclusive, non-transferable, royalty-free licenses to (i) possess, use and have used the Ancillary Technology exclusively for Trimble's benefit; and (ii) purchase or license from Trimble such of the Trimble Proprietary Components as is reasonably necessary for Solectron to produce Products exclusively for purchase by Trimble under this Agreement.

Regardless of the above, the Parties acknowledge that they have entered into (i) an Asset Purchase Agreement dated August 10, 1999, for the sale of certain Trimble assets (the "Asset Purchase Agreement") and (ii) a sublease dated August 10, 1999, for Solectron's rental of certain Trimble Sunnyvale facilities (the "Sublease"). invalidity, illegality, or unenforceability or, if that is not possible, such provision shall, to the extent of such invalidity, illegality, or unenforceability, be severed, and the remaining provisions of this Agreement shall remain in effect provided, however, that the court shall have authority and jurisdiction to add to this Agreement a provision as similar in terms and intended effect to such severed provision as may be possible and be legal, valid, and enforceable. If, as a result of the foregoing, a party's material benefits under this Agreement that would have existed but for the operation of the preceding sentence are materially impaired, such party may at such party's election thereafter terminate this Agreement on not less than three (3) months advance written notice to the other party.

29.10. Effect of Title and Headings.

The title of this Agreement and the headings of its articles are included solely for convenience and shall not govern, limit or aid in the interpretation of any terms or provision of this Agreement.

29.11. Construction

The Parties acknowledge and agree that both Parties have participated in the drafting and negotiation of all provisions of this Agreement, and each Party hereby waives and agrees not to assert that any ambiguity should be construed for or against either Party. Except as otherwise specified, references in this Agreement to Paragraphs and Exhibits are to Paragraphs of, and Exhibits attached to, this Agreement. Except where the context clearly requires to the contrary, "including" shall mean "including, without limitation".

29.12. Nature of Relationship

For the purposes of this Agreement, the Parties are deemed to be independent contractors. It is expressly agreed that this Agreement and the relationship between the parties hereby established do not constitute a partnership, joint venture, agency or contract of employment. Neither Party shall have the authority to make any statements, representations or commitments of any kind, or to take any action, which shall be binding on the other, except as authorized in writing by the Party to be bound. Neither Party shall bind nor attempt to bind the other to any contract or to the performance of any obligation, nor represent to third parties that it has any right to enter into any obligation on the other's behalf.

29.13. Publicity.

Neither Party shall make or issue any publicity, news release, public announcement or communication of any sort with the media, direct or indirect, written or oral, concerning this Agreement or the transactions contemplated by this Agreement without the prior written consent of the other Party, not to be unreasonably withheld.
